Lesson Library Learning Club

29 Warrender Park Terrace
Edinburgh, New Delhi EH9 1EE
India

Run Your Own Business!Lesson Library is an award-winning educational company. We provide an exciting opportunity to run your own business, offering an innovative Learning Club for children aged 4-11 years in your area. Unlike traditional tuition centres, our Learning Club sessions cover several subjects. We make learning fun by using hands-on activities such as art projects, games, music and science experiments alongside more traditional worksheets. We supply all the workbooks and activity books, and the children take home the workbooks as they gradually build up their own library of educational material. Fun & Flexible You don't need experience working with children; just the enthusiasm to deliver fun learning sessions for them. Classes can be planned around family commitments making this the perfect opportunity for those seeking flexibility and work/life balance. As a Social Enterprise, we qualify for low-cost hall hire, meaning that you can save money. By running classes at several different locations, you can achieve high numbers of students. History of Lesson Library Lesson Library has been operating for around 5 years and won the Top Homeschooling Curriculum award for 2013 from Homeschool.com, the largest Homeschooling Organisation in the USA (quite an achievement for a British business!) We are now firmly established as one of the UK's leading providers of online learning resources for children and families, and our aim now is to expand our range of Learning Clubs in the UK and overseas. Franchise Package We want your business to be a success and we're here to help! Lesson Library provides initial and on-going training in all areas of the business, helping you develop management and teaching skills. We work with you to ensure your business is a success. All new franchisees receive an Operations Manual to help you run your new business, and a Teacher's Manual to provide you with the skills you'll need to run your Learning Club classes. In addition, you'll receive updates for your training manuals every month to help you build your skills. Information in the training manuals includes: Everything you need to know about Lesson LibraryAdvice on Setting Up and Managing your businessBook-keeping and AccountsAdvertising, PR and Promotional MaterialsLesson Library Class ProgrammesHow to be a Teacher What else do we provide? Workbooks and activities for your lessons every month.Personalised development and supportAccess to over 8000 promotional educational resources to give away.A comprehensive range of on-going promotional services and support. All franchisees are regularly updated on all promotional and advertising activity organised by Head Office. What does running a Lesson Library Franchise offer? An exciting opportunity to run your own business, offering a Learning Club for children aged 4-11 years in your local areaFlexible working hours to fit around your own home lifeZero start-up costsComprehensive on-going training & support to develop the businessAdvertising and promotional supportClass programmes and workbooksThe backing and security of a well-known and established Brand. How much is a Lesson Library franchise?Unlike most franchises, we do not charge a start-up fee, enabling you to take advantage of the opportunity to bring high-quality, British educational resources to your area. We do take a 10% royalty, paid monthly, on your earnings. The franchise package includes an exclusive territory, initial/on-going training, detailed operations manual, teacher's manual, class programmes and resources, and promotional material. Access to the Lesson Library website is also included. What makes a successful Lesson Library franchisee? Typically, our franchisees have experience of working with children and may have dealt with the pressures of juggling a career and home. You don’t need to have had any training in working in education, but ideally you

should have patience, a friendly attitude and enjoy being around children. Bright, energetic, patient, well organised people with good communication skills will be best suited to becoming a successful business owner and Lesson Library franchisee. But most importantly you need to relate to children and take pride in being involved in the education of children. A business/sales or marketing background is also useful.
